

E-Fiber Accessories

Modular electrospinning/electrospraying platform

EFA160 - Touch Control Panel

All SKE Research Equipment E-Fiber systems can be equipped with a touch screen control panel. All the parameters of the system can be controlled directly from the touch panel, in a simple and intuitive way: high voltage, flow rate, rotating collector speed, linear spinneret motion speed, and spinneret to collector distance (for E-Fiber EF500 Series).
