

E-Fiber Accessories

Modular electrospinning/electrospraying platform

EFA310 - Vertical Electrospinning Set-up

The Vertical Electrospinning set-up is composed of a vertical spinneret support and a vertical plate collector support. This set-up allows electrospinning/spraying with vertical direction, from bottom to top, in order to avoid any dropping of solution on the electrospun products. The distance between spinneret and collector can be varied by sliding the spinneret support.

This set-up can be integrated within SKE E-Fiber equipment EF050 and EF100.

TECHNICAL DATA

Material	Plastic (PVC)
Dimensions	Spinneret support 170 x 115 x 225 mm (W x D x H) Collector support: 180 x 150 x 307 mm (W x D x H)
Collector material	Stainless steel
Collector size	130 x 120 mm
Adjustable distance range	50 – 210 mm
Grounding/Polarity	External ground or polarity connection [+/- 40 kV]

ORDERING DETAILS

Product code	EFA310
Standard options	EFA310-EF050 EFA310-EF100
